Where's Karen? Karen had knee surgery in Jan, and she is getting around, but has to do a lot of exercise to keep her leg strong. Dr G just got back from a vacation where he went scuba diving every day! Ask him about his shark dive in Belize!

We hope you are all well, we look forward to see your smile soon! **Summer is coming** up fast, and if you would like to get your summer dental visit in-- please call us early! Also with the approaching nice weather, call us for our dental emergency magnet! This information is a great resource when a trauma happens.

Did you notice our fruit tray? We have been offering healthy snacks to our waiting room guests, along with bottled water. While you are visiting us, please feel free to take a piece.
